Hebrew School tuition pays only part of the Hebrew School's expenses. Membership dues and Hebrew School and synagogue fundraising making up the balance. Our Board of Trustees has adopted this Membership Dues structure based on these principles: Family membership for Hebrew School/Hebrew High parents should be affordable to current and potential members. Higher membership levels should also be available for those who wish to give more, especially because our congregation and our shared building have financial needs that exceed normal income. One benefit of membership is a substantial discount on Hebrew School tuition.
